

An offshore oil rig is silhouetted against a dramatic sunset sky. The sky is filled with large, dark clouds, with a bright orange and yellow glow from the setting sun at the horizon. The rig's structure, including cranes and a tall derrick with a light at the top, is visible against the colorful background. The sea is dark and calm in the foreground.

Velkommen til Dansk Gas Forenings årsmøde 2009

Når den danske naturgas ebber ud....

WGC NEWS

Fernández de Kirchner: gas sector vital for recovery

Argentina's President Cristina Fernández de Kirchner said the gas sector is vital for the country's economic recovery. She made the statement during a meeting with industry leaders in Buenos Aires.

WGC NEWS

Khelil: European demand potential remains huge

European demand for gas remains huge, according to Khelil. He noted that the continent's energy needs are still largely met by fossil fuels, and that gas offers a cleaner and more secure alternative.

WGC NEWS

Ukraine: EU needs no new pipelines; no dispute with Gazprom expected

The EU does not need new pipelines, and no dispute with Gazprom is expected, according to the article. It discusses the current gas supply routes and the potential for future negotiations.

WGC NEWS

Iran says it will supply half Nabucco pipeline's capacity

Iran has announced that it will supply half of the capacity of the Nabucco pipeline. This move is seen as a significant step towards diversifying Europe's gas supply sources.

WGC NEWS

German regulation creates pipeline bottlenecks

German regulation is creating bottlenecks in the pipeline market, according to the article. This is causing concerns among industry players about the reliability of gas supply to Europe.
